

**WILTSHIRE ARCHAEOLOGICAL AND NATURAL HISTORY SOCIETY**  
**ANNUAL GENERAL MEETING - 17 OCTOBER 2020**  
**CVs FOR INDIVIDUALS NOMINATED TO THE BOARD OF TRUSTEES**

---

**Alfred La Vardera, MSc**

I was born in Genoa, Italy 70 years ago. After university in Italy I came to the UK in 1972 to continue my studies. I started my working career in Oxfordshire County Council and then moved to Bath City Council where I qualified as a Chartered Public Finance Accountant in 1993. I then moved to Kingswood Borough Council as Chief Accountant and later to South Gloucestershire Council until I retired in 2011 as Head of Financial Reporting. After temporary assignments, I took a permanent position as Operations and Business Development Officer in Bath & North-East Somerset Council, dealing with Financial Planning Obligations and Community Infrastructure Levy. While working I studied at UWE part-time and was awarded an MSc in Financial Management in 2009. I have extensive experience of financial and management accounting in the public sector, project managing, business development and a good working knowledge of the planning process. I was treasurer of WAHNS for two years and, during my tenure, I started the process of modernisation and simplification of the accounting system that the current Treasurer is continuing.

**Daniel Miles, BA, MA, MCifA**

Dan works for Historic England as the Research Resources Adviser responsible for developing national and regional research strategies and reference resources. He has a degree in Archaeology and Prehistory from Sheffield University and an MA in Museum Studies from Bournemouth. He has worked in various heritage roles in England and Spain, undertaking projects to promote research, develop museum collections and exhibitions, and engage local communities with heritage. He is on the steering group of the Wiltshire Archaeology Field Group and helps organise the annual Wiltshire Archaeology Conference. As a current trustee he takes a keen interest in archaeological matters and is closely involved in the museum's Arts Council England funded project *A Wealth of Knowledge: Unlocking a Decade of Archaeological Research*.
