

# Spring Animal Puppets

Have a go at creating these fun springtime spoon puppets.

They can be used to decorate your home for Easter or as part of an egg hunt in your garden. Younger children will love playing with them afterwards.

Can you think of any other animals you could make?

To make the chick puppet you will need:

- Wooden cooking spoon
- Yellow paint
- Orange felt or craft foam
- Yellow or orange feathers
- Googly eyes

To make the bunny puppet you will need:

- Wooden cooking spoon
- White paint
- Pink and white craft foam sheets (card or felt will work too)
- Small pom-pom or felt for nose
- Black pen or pencil

*NB. Make sure that your paint is completely dry before you glue on any of the pieces.*
