Key to Sensory Map
* Represents areas where there may be loud noises (Videos/hand-dryers)

* Represents areas/galleries where the lighting may either be too bright or inconsistent

* Represents areas where hand sanitiser is available

* Represents areas where chairs/folding stools are available

* Represents galleries where the lighting is dimmer than normal

* Represents the designated 'quiet' area (provided no schools are in)

Welcome to Wiltshire Museum and its Archive and Library, occupying two Grade II Listed, early Georgian town houses, a Victorian infill and modern extensions.

There are a number of staircases, rooms and changes in floor level. A lift (see below) is available enabling visitors to view all our galleries.

Enjoy exploring the galleries, buildings and history of Wiltshire.

LIFT

LIFT
A platform lift enables visitors to access:

G = Prehistoric Wiltshire

UG = Entrance, Shop and Prehistoric Wiltshire *Room 4*

1 = Lecture Hall, Piper and Oexmann Galleries

U1 = Anglo Saxon, Story of Devizes, Archive and Library

To operate the lift:

Hold down the button until a tone and voice indicate the lift has reached your floor. If you release the button, the lift will stop - this is a safety feature.

For wheelchair users we have ramps for use on the small steps on the ground floor.
